John ,

This is the final set of shape files from the San Juan County surveyor for the properties from the GK mine to the Gladstone area. Please prepare a GIS file for mapping and Viewer use that can be shared with others in EPA, but first return the GIS / Aerial files to Ken Schaaf to do QA check on the positions. Once the SJC surveyor verifies the layout of claim boundaries with appropriate monument locations, we can use this spacial information going forward.

Please let me know if you have questions.

Thank you

Steve

Steve,

Here are the latest shape file for the Gold King project, which includes the Rail Road. There are notes on the Dean B, Portland Consolidated, Alice, Governor and Libbie Bauder Extension.

Dirk
